

INTRODUCING

NUPOLAR® TRILOGY®

Over five years in development and covered by multiple patents, Younger Optics presents the ultimate in sunwear optics and protection:

VISUAL ARMOR®

Trilogy® was based on research originally developed for the military as "visual armor." That research fueled efforts to bring together impact protection, great optics, light weight and chemical resistance all in one innovative Rx lens: Trilogy®.

Now, combine those advanced lens characteristics with NuPolar®, the world's leading Rx polarized technology, to give the eyewear market an incomparable sunwear combination: NuPolar Trilogy lenses.

While you might not use these lenses under the same intense conditions as the military, why give your eyes anything less than the material protection and benefits of Trilogy lenses plus the sunwear protection of NuPolar?

EXCEPTIONAL IMPACT STRENGTH
UNCOMPROMISED OPTICS - 45 ABBE
UNMATCHED CHEMICAL RESISTANCE
LIGHT WEIGHT - 1.10 SPECIFIC GRAVITY
BLOCKS 100% OF UVA & UVB

NUPOLAR QUALITY - WORLD #1 MARKET LEADER IN RX POLARIZED LENSES
